

Viewing Management Options for Extensions

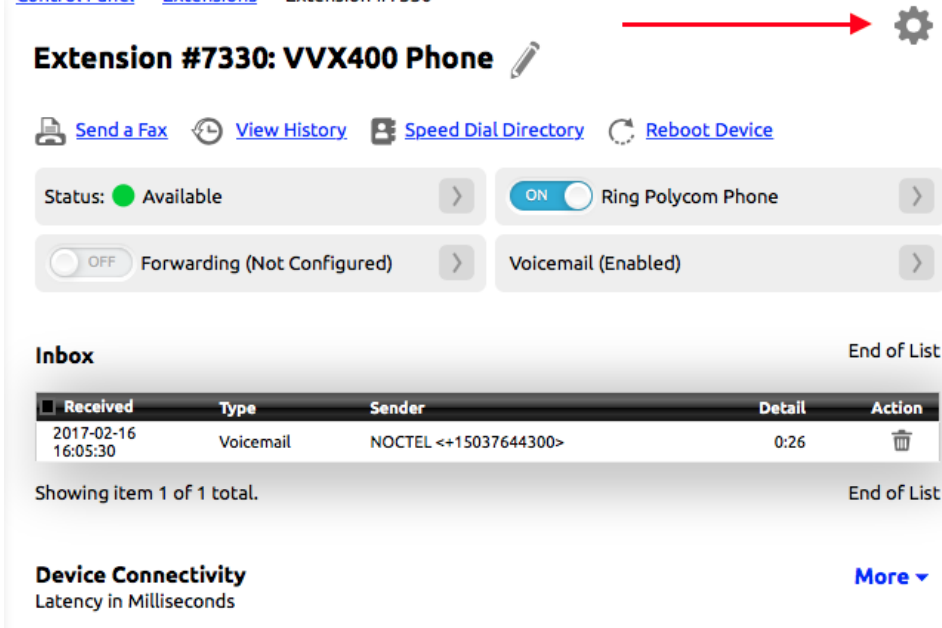

By default, the advanced management options for extensions are not visible. To view them follow these instructions:

1. Log in to the NocTel control panel.
2. Click "Extensions" on the left-hand menu.

3. Click on any extension in the list to open the extension's options page.
4. Click the **gear icon** in the upper right-hand corner of the page to view the management options.

[Control Panel](#) → [Extensions](#) → Extension #7330

Extension #7330: VVX400 Phone 

[Send a Fax](#) [View History](#) [Speed Dial Directory](#) [Reboot Device](#)

Status: ● Available > ON Ring Polycom Phone >

OFF Forwarding (Not Configured) > Voicemail (Enabled) >

Inbox End of List

Received	Type	Sender	Detail	Action
2017-02-16 16:05:30	Voicemail	NOCTEL <+15037644300>	0:26	

Showing item 1 of 1 total. End of List

Device Connectivity More ▾
Latency in Milliseconds

5. Clicking the **gear icon** again will hide the management options again.
