

Signing into the NocTel Control Panel

1. Go to www.nocotel.com
2. Click the **Sign In** button on the top right of the page.

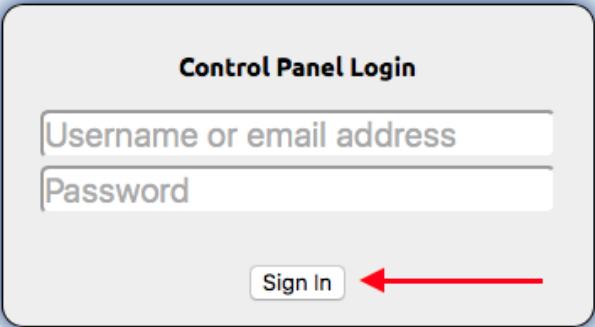

3. Enter your **Username** or **email address** in the indicated box

A screenshot of the 'Control Panel Login' form. The form has a light gray background and a rounded rectangle shape. It contains two input fields: 'Username or email address' and 'Password'. A red dashed box highlights the 'Username or email address' field. Below the input fields is a 'Sign In' button. At the bottom of the form, there are two links: 'New User Signup' and 'Password Reset'.

4. Enter your **Password** in the indicated box

A screenshot of the 'Control Panel Login' form, identical to the previous one. In this view, a red dashed box highlights the 'Password' field instead of the 'Username or email address' field. The 'Sign In' button and the links 'New User Signup' and 'Password Reset' are still visible at the bottom.

5. Click the **Sign In** button to be connected to your account.

The image shows a login form titled "Control Panel Login". It contains two input fields: "Username or email address" and "Password". Below these fields is a "Sign In" button. A red arrow points to the "Sign In" button. At the bottom of the form, there are two links: "New User Signup" and "Password Reset".

Can't Log In?

If you are unable to log in to your account make sure that caps lock is off, and that your username and password are free of errors. If you can't remember your password you can reset it by following the steps on the [Resetting Your Password](#).
