

Create a NocTel Account

In order to use features of the NocTel hosted phone service, you must first log into the NocTel Control Panel at [nocotel.com](https://www.nocotel.com). There are two types of accounts: User Accounts and Business Accounts. You will need a User Account before you can join or create a Business Account. If you don't have one, a new one can be created by following these steps.

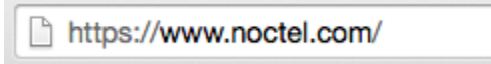

In order to join or create a Business Account, you must first create a User Account.

Step-by-step guide

Creating a User Account:

1. Visit [nocotel.com](https://www.nocotel.com)

2. Click the **Sign In** button located in the upper right corner of the page
3. Click the **New User Signup** link below the log in fields.
4. Enter the requested data into the form, filling out each field completely.
5. Check the box which states that you have read and accepted the terms and conditions for your account.

☒ I agree to the [NocTel Terms of Service](#).

6. Click the "Create User" button.

7. Check your email for a verification link. Upon receiving this, click the link to finish creation of your account.

A Business Account owner can now invite you to join their existing account, or you can create your own business account by selecting the "Plan" that you wish to use.
