

Changing your account password

Step-by-step guide

1. From your NocTel Control Panel home page, click on '**User Settings**'.

2. Click the tab named '**Reset Password**'.

A form titled 'Edit User Settings' with three tabs: 'Edit User Settings', 'Reset Password' (selected and highlighted with a red dashed border), and 'Change Email'. The 'Reset Password' section contains three input fields: 'Old Password:', 'New Password:', and 'Repeat:'. A 'Submit' button is located at the bottom left of the form.

3. Enter your old password.
4. Enter your new password
5. Enter your new password again and press **Submit**. Your new password will be active immediately.
