

NocTel Insight Development Roadmap

Open Items

- **NOT PLANNED** Heat mapping in tabular reports does not apply any conditional logic to specify thresholds and rules to shade cells (or not to).
- **PLANNED** SSO integration to log in to NocTel Insight.
- **PLANNED, NO FORECAST** Correct sorting of segments within stacked bar charts.
- **PLANNED** NocTel Talk call data is limited to the last 3-4 months.
- **NOT PLANNED** Excel-like sorting on arbitrary columns in tabular reports. See [Why Do Tabular Reports Not Sort Like Excel?](#) for a brief discussion on this.
- **PLANNED** Optimization for mobile devices for reports.
- **PLANNED** NocTel Insight client API
- **PLANNED** Standard reporting Dashboards for end users.
- **PLANNED, NO FORECAST** International Timezone support.
- **WILL NOT IMPLEMENT** Scheduled email delivery of Excel exports for reports.
