

Faxing to International Numbers

International faxing is not supported to all countries and some countries are in BETA. Please see the list below before sending international faxes. We recommend sending a fax to an international number using the NocTel Portal.

Step-by-step guide

1. Select an extension to send the fax from by clicking it in the extension list.
2. Click **Send a Fax**.
3. Enter the destination numbers in the **To Fax Number** filed in the following format: **Country Code + Local Number** (UK example: 421538224100)
4. Click **Choose File** and select a supported file format for faxing.
5. Click **Continue to Preview**. Ensure that your document is visible in the preview window.
6. Click **Send Fax**.

International Faxing

Faxing to international numbers may take an extended time.
